## PRIVATE INVESTIGATION REPORT

### ASSAULT CASE REVIEW

Case Number: PI-2026-CA-031

Client: Confidential

Investigator: Sherly Homes, Licensed Private Investigator

Date Prepared: February 14, 2026

Confidentiality: This report is confidential and intended solely for the client and authorized parties.

### 1. VICTIM INFORMATION

Name: Harry Lim

Date of Birth: September 8, 2000

Sex: Male

Residence: Poor Land, Northlake

Status: Comatose at St Michael's Hospital under hospice care.

### 2. PURPOSE OF INVESTIGATION

The purpose of this investigation was to conduct an in-depth review of a reported assault involving the victim, **Harry Lim**. The case has remained unresolved for an extended period and is considered inactive or cold. The objective of this investigation was to reassess available information, identify relevant associations, and determine whether new or previously underexamined details could be identified. **Gemma Law**, the victim's sister, has since provided the victim's missing phone as new evidence to consider.

This investigation was conducted independently and does not replace or supersede any law enforcement inquiry. Further proof of investigation can be provided upon law enforcement's request.

### 3. INCIDENT SUMMARY

Based on available reports and information provided, Harry Lim was assaulted by unidentified individuals near the vicinity of his school. The incident occurred during evening hours on **August 11, 2018**. The attackers reportedly fled the scene immediately following the assault. The victim suffered from severe blunt force trauma to the head. At the time of the incident, no cameras or other evidence was present at the scene, no arrests were made, and the suspects were not positively identified. The case subsequently became inactive due to a lack of actionable leads.

## 5. FINDINGS

### 5.1 Identity

The review identified that prior to the assault, Harry Lim was in contact with someone listed as 'Dealer'. After further investigation into the phone records as well as insider knowledge in the community, it is speculated that the Dealer is an individual known as **Charlie**. Information reviewed indicates that Charlie was operating as a drug dealer within the local area at the relevant time period.

Multiple sources associate Charlie with a group commonly referred to as the **Smokes** gang. This association is based on rumours, witness statements, pattern intelligence and contextual information rather than formal charges or convictions. The Smokes gang is considered highly dangerous and suspected to be connected to much larger scale crimes such as drug trafficking, illegal drug distribution, kidnapping, murder and organized crime. However, there is no direct evidence of such business; as such, members of the Smokes gang have not been caught. All members of the Smokes gang have a tattoo of an S and two semi-circles.

EXHIBIT A

### 5.2 Possible Motives

While no direct evidence links Charlie to the physical assault itself, the victim's association with an individual connected to the Smokes gang may represent a relevant contextual factor. It is noted that the 'Dealer' has threatened Harry in light of him refusing to pay for a transaction and reporting to the authorities. Gang-related assaults in the area during the same period often involved intimidation, retaliation, or enforcement activities.

## 6. POTENTIAL AREAS FOR FURTHER INQUIRY

Charlie has since disappeared from the Poor Land area and deemed untraceable. It is under consideration whether he is currently in hiding in Mid Village.

Reopening this case may cause further investigation into the Smokes gang. It is highly advised to reopen the case and being coordinating with law enforcement if new information emerges.

## 7. SUMMARY

The primary new finding identified in this review is the victim's prior contact with Charlie, an individual associated with drug distribution activities and the Smokes gang. While this association may provide contextual insight into potential motive, no conclusive evidence was identified directly linking Charlie or the Smokes gang to the assault.
