--------------	------------	----------------------	---------

## INCIDENT SUMMARY

On December 8, 2019, Cadie was involved in a verbal altercation with her sibling, Brodie, at their residence. Following the argument, Cadie left the home on foot. Brodie believed Cadie had gone to stay with her friend, Evelyn, and did not immediately contact authorities.

When attempts to reach both Cadie and Evelyn failed, Brodie reported them missing later that night.

At 3:00 AM on December 9, 2019, police informed the reporting party that Evelyn had been found injured and hospitalized following a suspected hit-and-run incident.

At the hospital, Evelyn provided a limited statement due to head trauma. She recalled:

- Hearing someone yell "watch out"
- Seeing a red car approaching
- Losing consciousness shortly thereafter

Evelyn was unable to provide further identifying details regarding the vehicle, driver, or Cadie's whereabouts.

## INVESTIGATION NOTES

- No confirmed sightings of Cadie after December 8, 2019.
- No phone activity or verified digital communication located
- No physical evidence linking Cadie to the hit-and-run scene
- Evelyn unable to definitively confirm Cadie's presence at the time of the incident

Due to Cadie being over the age of 18 and the absence of evidence indicating foul play, law enforcement classified the case as a voluntary runaway.

## CASE DISPOSITION

Reason: Adult runaway; insufficient evidence to support criminal involvement. The case was closed shortly after initial review. No further investigative actions were taken.
