

## **Dream Diary**

Entry 1 — January 29, 2:47 AM

I was standing somewhere very high. Somebody pushed me and I fell. Clouds passed me as if they were stairs I forgot how to climb.

Entry 2 — February 3, 11:18 PM

I kept falling, but the sky was a red blur. Right as I felt like I would hit the ground, I hear the sound of tires and woke up.

Entry 3 — February 7, 6:02 AM

A girl appeared, wearing a blue dress. Someone yelled something and I got so scared, I woke up.

Entry 4 — February 11, 9:39 PM

There was a young man beside her in the next dream. He didn't look at me at first. When he finally did, it felt like he recognized me, or maybe I recognized myself in him. The falling slowed, but never stopped.

Entry 5 — February 14, 4:10 PM

This time the ground came into view. A red car was coming at me and I ran away from it. I tried to warn someone, but it was too late. Just before waking, I saw a woman driving the car.
